

The Ampersand

FOOD
TRUCKS

The **Ampersand**

Our food market is not your typical food court. We are bringing something to Calgary that has never been done before in the downtown core.

What is The Ampersand?

The Ampersand is a 1.1 million square foot complex, comprised of three office towers located in downtown Calgary. Aspen purchased The Ampersand (formerly known as Sun Life Plaza) in 2018 and began our plans to redevelop and reposition the complex. The Ampersand features 57,000 square feet of amenities. This includes a new lobby connecting all three towers, a fitness centre, a conference centre and a tenant lounge. The coolest part of the renovations is an indoor food market with custom built food trucks.

Tell me about the Food Trucks!

Situated on the main floor of The Ampersand, our indoor food market will include four custom built food trucks that can accommodate a variety of menus. The custom food trucks are all fully built out and ready to lease. The only thing left to do is to start cooking!

The trucks are stationary and cannot be driven. They are hooked up to the building and can be used all year round. Each truck is a little bit different so we can provide a variety of menus to our tenants. There are abundant catering opportunities - including our tenant lounge!

The following pages include everything you need to know about these trucks.

DETAILS

HOW DO I LEASE ONE OF THE FOOD TRUCKS?

Step 1 | Pick one of the food trucks outlined in this brochure

Step 2 | Contact the Leasing Team at Aspen Properties to discuss your idea

Step 3 | Move in and start cooking!

WHAT DO THE DEAL TERMS LOOK LIKE?

Available | Immediately

Term | Flexible

Monthly Rent | 15% of gross revenue or 10% of gross revenue + operating costs

Security Deposit | \$5,000.00

START UP COSTS

You are only responsible for installing graphics to the exterior of the truck. Everything else is already built in the trucks!
Just bring your food and throw it on the burner.
